Why be a Sponsor at the MMI Conference?

MMI is Australia's premier metering event attracting leading metering managers, technologists, consultants, regulators, policy makers and many others interested in metering and the issues associated in metering. In 2005 some 200 delegates, speakers and guests attended the event in Sydney.

The 2006 Conference in Melbourne will attract a lot of attention with focus on the Victorian mandated Interval Meter Roll-Out (IMRO), an increased focus on Sustainability and metering's role necessary to achieve pragmatic Demand Management targets, new metering technologies and techniques and lots, lots more. MMI is an event that draws the right decision makers and the Conference Committee strives to ensure that the program is fresh and relevant, while prices for delegates and exhibitors are modest compared to equivalent events.

The following table details a great range of Sponsorship opportunities. Potential Sponsors are urged to register their interest early to avoid disappointment – this will be the metering event of the year!
