

2006 MMI CONFERENCE

Measurements & Metering Innovation

“METERING – UNDER THE SPOTLIGHT”

CONFERENCE ON-SITE PROGRAM

Hilton on the Park
192 Wellington Parade
East Melbourne

29TH – 31ST MAY 2006

EXHIBITORS

SPONSORS

Tuesday 30 May, 2006

8.00am	Registration Desk Opens
8.30am	Exhibition Area Opens
8.30am – 10.30am	Opening Plenary – All Delegates (Ballroom 3)
<p>Conference Chair: Michael Zammit</p> <p>Presenters on the Opening Plenary are:</p> <p>Rick Nicholson, Vice President, Energy Insights (an IDC company), "Global Trends in Smart Metering"</p> <p>Murray Goddard, General Manager, Customer Service, South East Water Limited, "Every Drop Counts – Smarter Metering for the Future"</p> <p>Peter Clements, Director, Energy Retail & Policy Distribution, Department of Infrastructure Victoria, "Advanced Metering in Victoria"</p>	
10.30am – 11.00am	Morning Tea – Exhibition Area
11.00am – 12.30pm	Sessions
METERING AND DEMAND MANAGEMENT, BALLROOM 3	DIRECTIONS FOR THE WATER INDUSTRY, BALLROOM 1
<p>Session Chair: Brendan King, AMPY Email Metering</p> <p>Robert Reilly, The Electricity Commission, New Zealand Developments in Load Management and Metering in New Zealand</p> <p>Garry Burke, Sales & Marketing Manager, Enermet Domestic Air-Conditioning and other "Low Hanging Fruit" – Taking Advantage of domestic load, for network peaking solutions</p> <p>Raymond Salmon, Product Manager Telemetry, ETM Pacific Demand curtailment through real time metering and residential load management</p>	<p>Session Chair: Bruce Furmedge, IBM Australia</p> <p>Mark Bartley, Phillips Fox Policy and Business Issues Affecting the Directions of the Water Industry</p> <p>Alex Elder, Severn Trent Metering Services Guidelines for the Reduction of Non Revenue Water</p> <p>Brad Reid, Utility Data Solutions Sydney Water and the Use of Web Site Technologies</p>
12.30pm – 1.30pm	Lunch – Ballroom 2
1.30pm – 3.00pm	Sessions
DATA MANAGEMENT, BALLROOM 3	GAS METERING ACTIVITIES, BALLROOM 1
<p>Session Chair: Peter Reid, IMS</p> <p>Andrew Steer, Senior Consultant, LogicaCMG Using SMS for Prepaid Energy</p> <p>Michael Stephens, Country Manager & Head of Operations, Energy Intellect MDM – What it is and Why You Should Care</p> <p>Jonathan Kay, General Manager, STREAM Information The Stream experience – Creating an Independent Service provider and maximising the value of metering information</p>	<p>Session Chair: Andrew Meehan, UDS</p> <p>Stan Brulinski, Agility Management Services High Pressure Testing of Pipeline Gas Meters</p> <p>Peter Whan, Engineering Manager, Atlas Measurement Key Considerations in the Determination of Gas Meter Capacity</p> <p>Antony Cockshott, Ampy Email Metering Boundary Metering</p>
3.00pm – 3.30pm	Afternoon Tea – Exhibition Area
3.30pm – 5.00pm	Sessions
METERING SYSTEMS, BALLROOM 3	WATER METERING TECHNOLOGIES, BALLROOM 1
<p>Session Chair: Michael Stephens, Energy Intellect</p> <p>Kaushik Ghosh, Secure Meters, India The Customer Benefits of Pay-As-You-Go Metering</p> <p>Andrew Gillen, Director Sales & Market Development, Echelon Corporation, HK How Utilities are Adopting Open Technology Platforms to Implement Advanced Metering & Energy Efficiency</p> <p>Howard Stark, Director, Stark Software, UK Inbound AMR using SMS Text Messaging</p>	<p>Session Chair: Mike Busetti, South East Water</p> <p>Hamish Reid and Chris Coulthurst, South East Water South East Water's dual pipe water recycling program and the role of metering</p> <p>Andrew Meehan, Managing Director, Utility Data Solutions Metering of Fire Services</p> <p>Michael Kenyon, Managing Director, Datamatic Asia Pacific, Graham Cole, Wide Bay Water and Ian Pitt of Elster Metering A case study in moving to Time of Use Billing for Water</p>
5.30pm	Exhibition Area Closes
6.30pm	Bus Transfers from Hilton on the Park to Crown Entertainment Centre
7.00 – 7.30pm	Pre Dinner Drinks – River Room, Level 1, Crown Entertainment Centre
7.30 – 11.30pm	Conference Dinner – River Room
11.30pm	Bus transfers from Crown Entertainment Centre to Hilton on the Park and Mecure Hotel

8.30am Registration Desk and Exhibition Area Open

9.00am – 10.30am Sessions

ADVANCED INTERVAL METER ROLL-OUT PANEL SESSION, BALLROOM 3

Session Chair: Robert Colson, Landis & Gyr

The rollout of manually-read interval meters is now well established in several states. In parallel with the rollout of manually-read interval meters, considerable progress has been made with advanced metering systems. How close are these to reality? Is there a business case? Will the wide-spread use of manually-read interval meters advance or retard the shift to advanced metering? Should the Victorian mandate be changed?

WATER METERING TECHNOLOGIES, BALLROOM 1

Terry Lancaster, Project Consultant-Utility Meters, National Measurement Institute
Irrigation Metering
Robert Stewart, Smart Building Services
Retro-Fitting Smart Water Meters for Water savings – The Options
Gavin van Tonder, Actaris
Evolution of the Volumetric Meters and New Developments

10.30am – 11.00am Morning Tea – Exhibition Area

11.00am – 12.30pm Sessions

METERING TECHNOLOGIES, BALLROOM 3

Session Chair: Richard Metherell, PRI Ltd

Graeme Vertigan, Metering Engineer, Transend Networks
Magnitude and Phase Error Reduction in Metering Class Voltage Transformers
Bill Henley, Manager Metrology Regulation, NEMMCO
National Metrology Framework
Doug Smith, Policy & Compliance Manager, Integral Energy
Determination of CT- Measurement Errors – Why Use Primary Current Injection when Secondary Voltage Injection Will Do?

CUSTOMERS & METERING, BALLROOM 1

Nigel Maitland, Intermoco Solutions
AMI is not about the smart meters or the remote communications infrastructure
Jeff Beal, Senior Strategic Planning Engineer, Energen
Integrated Approaches to Residential DSM – Recent Trials in ENERGEX
Chris Amos, Manager of Network Pricing, Energy Australia
Customer Expectations and Reactions to ToU Metering: Energy Australia's Experience

12.30pm – 2.00pm Lunch – Ballroom 2

2.00pm – 3.30pm Sessions

MARKETS AND METERS, BALLROOM 3

Stanislav Miklavcic, Iskraemeco
Advanced Metering Technology the European Experience
Paul Nelsen, Managing Director, Itron Australasia
Rolling Out Advanced Metering Projects
Frank Pandazopoulos, Global Utilities Director, Hansen
Mass Rollout of Automated Metering – The impact on Retail & Distribution M2C Systems

3.30pm – 4.30pm Official Conference Close and Prize Draws – Exhibition Area

CONFERENCE EVALUATION PRIZE

All registered conference attendees that complete a conference evaluation form are eligible to go into a draw for an iPod. Sponsored by

SPEAKER EVALUATION PRIZE

All registered conference attendees that complete a speaker evaluation form are eligible to go into the draw for a Hewlett Packard IPA Pocket PC Handheld. Sponsored by

AUSMETER
